

Remarks

Claims 1-16 are now pending in this application. Claims 3-8, 10, and 12-16 have been amended. The amendments set forth herein are made only to eliminate multiple dependencies and place the claims in proper format for examination. None of the amendments are made for reasons related to patentability of the invention and none of the amendments are intended to narrow any of the claims as compared to the claims in the application as filed. Accordingly, it is respectfully submitted that the above identified patent application is in condition for allowance. Early notification of the allowability of claims 1-16 is courteously solicited.

No fee is believed to be required for this Preliminary Amendment. However, if any fee is required, or otherwise if necessary to cover any deficiency in fees already paid, authorization is hereby given to charge our Deposit Account No. 50-1402.

Dated: October 1, 2004

Respectfully submitted,
